

# Budget Program

Do you find it difficult to come up with the money to fill your propane tank every time? We would like to introduce you to a program that will help with that problem. Our Secure Comfort Budget Program offers you an alternative method to pay for your heating needs.

## Here is how it works:

We estimate the amount of propane that you will use based on past history. Then we have a fixed price per gallon just like contracting. We take the total cost of your heating needs and divide that by 11 months. The first payment is due by July 20<sup>th</sup>. The same amount is paid every month. In the twelfth month, we do a true-up which means you could have a credit or owe more based on your usage.

## Example:

Calculated usage:

1000 gallons @ \$1.35 per gallon + 6.5% tax = \$1437.75/11 months = \$130 monthly payment

Actual usage:

- 950 gallons @ \$1.35 per gallon + 6.5% tax = \$1365.86 = \$71.89 credit to you  
or

- 1050 gallons @ \$1.35 per gallon + 6.5% tax = \$1509.64 = \$71.89 you owe us

## Benefits of our Budget Program:

No more checking your propane tank. Our experienced drivers will fill your tank as needed.

Peace of mind-no more worrying about running out of propane.

You pay the same amount every month.

**Contact your local CHS location to sign up today. Don't pass on the peace of mind this program provides.**
